FmHA AN No. 1765 (2006)

June 22, 1988

SUBJECT: Revised Reporting Requirements for the  
Initial Classification of Farmer  
Program Borrower Accounts

TO: State Directors, District Directors,  
and County Supervisors

ATTN: Farmer Programs Chiefs, State Automated Data  
Processing Coordinators

Purpose/Intended Outcome:

This administrative notice (AN) revises the method for reporting the initial classification data for farmer program (FP) borrowers.

Comparison with Previous AN:

There are no previous AN's on this subject.

Implementation Responsibilities:

FmHA Instruction 2006-W, Classification of Farmer Program Borrower Accounts, Section 2006.1104(f), Step 6 - Reporting Classifications, describes the method for entering classification data into the automated accounting system. Due to the large number of FP borrowers to be classified, the following method will be used for capturing initial loan classification data for FP borrowers.

Each County Office will receive a computer-generated list by July 15, 1988, showing the name and case number of borrowers with open FP loans. A sample list is attached. Upon receipt of this list, the loan classification code that was derived for each borrower in accordance with section 2006.1104(d) should be entered. The loan classification code values are also shown on the first page of the list. For borrowers with a classification code of 4 or 5, the estimated loss amount that was calculated in accordance with section 2006.1104(e) must be entered. For borrowers classified as 1, 2, or 3, the estimated loss amount must not be entered. If a borrower on the list has no active FP loans, the borrower should not be classified. These borrowers should be identified for removal by drawing a red line through the borrower's name and case number. Additional borrowers should not be added to the list.

EXPIRATION DATE: September 30, 1988

FILING INSTRUCTIONS:  
Preceding FmHA  
Instruction 2006-W

Farmers Home Administration is an Equal Opportunity Lender.  
Complaints of discrimination should be sent to:  
Secretary of Agriculture, Washington, D.C. 20250

After all classification data is entered, the list must be mailed no later than August 15, 1988, to the following address:

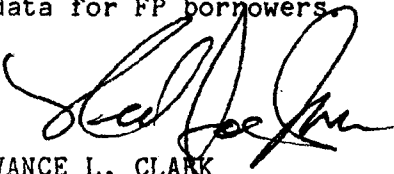

Farmers Home Administration  
Finance Office  
Attn: Computer Resources Branch  
Mail Code FC-353  
1520 Market Street  
St Louis, MO 63103

The County Office should keep a copy of the completed list for future reference.

Borrower classifications with erroneous data will be routed via the Automated Discrepancy Processing System (ADPS) as Transaction Code 8N, Record Loan Classification Data, to the originating servicing office for correction. The transaction code 8N discrepancies should be corrected immediately. Related ADPS user documentation will be provided to County Offices prior to the routing of the discrepancies.

Initially, transaction code 8N will be available for discrepancy processing only. You will be notified when transaction code 8N is available for manuscripting new transactions. If a borrower with an active FP loan is not on the list, loan classification information should be determined for the borrower in accordance with FmHA Instruction 2006-W and held pending notification that transaction code 8N is available for manuscripting these new transactions.

Contact James Radintz at FTS 475-4010 or commercial (202) 475-4010 with any questions about reporting the initial loan classification data for FP borrowers.

VANCE L. CLARK  
Administrator
